Vertical

Problem Areas/Special Observations (Note problem areas ONLY below):

BMP	Location	Observation, Effectiveness, & Corrective Actions Ordered
Stabilize	In-active	Stabilize all areas that have been inactive for 14+ days- Weeds are not considered vegetation.
Stabilize	Swale	Stabilize swale on North end as soon as possible if work is done
Stabilize	Detention Ponds	Stabilize detention ponds asap- weeds are not considered vegetation
Silt fence	Detention Pond	Reset silt fence along detention pond behind Residences
Rock	Access Rd/Const. Entrance	Need more rock at construction entrance

Have items noted on the last inspection been corrected?
☐ Yes
☒ No (if no explain) : Need to stabilize in-active areas, det. ponds, and swale--Weeds do not count as vegetation.

Note: Inspection comments above indicate deficiencies only. Deficiencies must be corrected within 7 days, unless otherwise noted. All other BMP's on site are considered to be in good working condition.

Signature:
