Inspection:	Inspector:	Outcome:	Date:
Erosion Control Inspection	Tyler Schreck	Failed - Stop Work	Wednesday, September 24, 2025

Corrective Action Required

1 PW-Erosion and
Sediment Control

Your project is in violation of the Erosion and Sediment control policy.

9/22/25 Tyler S. There is not erosion control on site. I talk to the foreman Jason with Randy Spalding and he ensured me that it will be up tomorrow 9/23/25. Failure to do so could result in a STOP WORK order issued until we are in compliance. Erosion control must be in place and maintained throughout construction.

9/24/25 Tyler S. Still no erosion control on site. Doug Park said they would be out today putting silt fence up. A failed erosion control and a STOP WORK order will be issued today 9/24/25 until we get this resolved.
