**RE: Paragon Star Building 2 Lot 9  
Special Inspection Services – Final Report**  
View High Drive and I-470  
Lee's Summit, Missouri  
Olsson, Inc. Project No. 018-24120-A

Dear Mr. Short:

In accordance with your request, representatives of Olsson, Inc. have provided construction observation and testing services for the above referenced project. Our services were performed on a part-time to full-time basis as scheduled by Fogel Anderson between December 22, 2022 and May 25, 2023.

**Final Report**

This report represents Olsson's final special inspections for the Paragon Star Lot 9 Building 2 project located in Lee's Summit, Missouri. The special inspection items observed and tested by our field personnel have included site grading, auger cast piles, foundation bearing materials, reinforced concrete, post-installed anchor bolts, and structural steel. The items observed and/or tested by our field personnel and explicitly reported in this or previously submitted summary reports were in compliance with the project specifications or have been reworked to meet the project specifications and/or project engineer's recommendations. At this time, all known discrepancies with the project specifications have been resolved.

If you have any questions regarding this report, or if we may be of any further service, please contact us at 913.829.0078.

Respectfully Submitted,  
**OLSSON, INC.**
