This **Certificate of Partial Substantial Completion for the Water that is installed up to Jefferson St.** associated with the above referenced project satisfies the Development Services portion of the requirements for a Temporary Certificate of Occupancy. All infrastructure for this site has been installed and tested and can be used for its intended purpose. Incomplete items will be indicated in the punch list. The punch list will indicate corrections and documentation that must be completed in order to receive a Certificate of Final Acceptance from Development Services. Final Acceptance from the Development Services Department is required in order for a Certificate of Final Occupancy to be issued from the Codes Administration Department.

Public Infrastructure	Quantity
Sanitary Sewer	__ linear feet
Stormwater	__ linear feet
Street	__ linear feet
Water	
12" C900	_2,890_ linear feet
8" C900	_1,332_ linear feet

Erosion and Sediment Control

Erosion and sediment control must be established/installed according to Lee's Summit's Design and Construction Manual Sections 1000, 2150, and 5100. Erosion and sediment control must be

established/installed immediately and maintained continuously - the 90 day completion period which may apply to other punch list items does not relate to erosion and sediment control.

If you have any questions about the above or any items listed on the Punch List please contact **Dustin Agcopra**.

By signing this letter, the permit holder acknowledges the receipt and accepts the terms of this Certificate of Substantial Completion.

Permit Holder
