Inspection:	Inspector:	Outcome:	Date:
Erosion Control Inspection	Nick Scott	Partial	Friday, February 13, 2026

Informational:

1 Misc

Discovery Park

5-16-25 DP. I am sure they have more work to complete, but we need to keep up on erosion control around the stock piles and non-vegetated area whether or not that is the erosion mats or silt fence as we have a multiple days of rain coming this next week.

7-22-25 NS Site visited and it appears that jobsite needs grass seed on bare spots and on lot 2 they need Erosion control put up and the road needs to be cleaned up.

8-5-25 NS Site visited, and it appears that erosion control is somewhat working but I see the crews out there working and cleaning at it every day this week

8-12-25 NS Site visited and I talked to John (Project manager) To put socks in the storm drains on Colburn road by next week. He said he would get it done.

8-19-25 NS Site visited and it appears that erosion control is working properly. and the crews are cleaning up the road twice a day and I see that the construction workers are making sure the site is cleaned up and in working order

10-29-25 NS Site visited and it appears that ECV is in compliance.

11-11-25 NS Site visited and ECV is in compliance.

1-8-26 NS Site visited and it appears ECV is in compliance.

2-13-26 NS Site visited, Perimeter protection appears to be dressed up and

maintained at this time.
