Mike,

The project IS going to get started.

It hit some bumps in the financing system but is getting very close to happening.

I appreciate the heads up and ability to extend the timing.

Please extend the application.

Thanks again Mike and sorry for not keeping you up to date on status!

Edward

Edward,

I was wanting to check with you on the status of this project. Technically the application would have expired on April 22<sup>nd</sup> due to six months of inactivity. We can extend the application for another six months if they are planning to obtain the permit within that time period. Please let me know where this project stands.

Mike
