Fire Plan Review

Reviewed By: Jim Eden

Approved

1. 1411.2 Maintenance.

Required means of egress shall be maintained during construction and demolition, remodeling or alterations and additions to any building.

Exception: Approved temporary means of egress systems and facilities.

Egress from the occupied areas of the building shall be maintained throughout construction.

2. 2006 IFC 901.2- Construction documents. The fire code official shall have the authority to require construction documents and calculations for all fire protection systems and to require permits be issued for the installation, rehabilitation or modification of any fire protection system. Construction documents for fire protection systems shall be submitted for review and approval prior to system installation.

Provide alarm and sprinkler drawings for review and approval.

3. Fire Department- 2006 IFC 3006.4 Medical gas systems.

Medical gas systems including, but not limited to, distribution piping, supply manifolds, connections, pressure regulators and relief devices and valves, shall comply with NFPA 99 and the general provisions of this chapter.

Provide documentation of line pressure testing on letter. Markings and documentation verified at inspection.
