This Certificate of Substantial Completion for the infrastructure associated with the above referenced project satisfies the Public Works portion of the requirements for a Temporary Certificate of Occupancy. All infrastructure for this site has been installed and tested and can be used for its intended purpose. Incomplete items will be indicated in the punch list. The punch list will indicate corrections and documentation that must be completed in order to receive a Certificate of Final Acceptance from Public Works. Final Acceptance from the Public Works Department is required in order for a Certificate of Final Occupancy to be issued from the Codes Administration Department.

Public Infrastructure Quantity

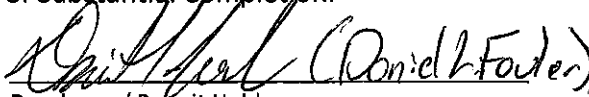

Table with 2 columns: Public Infrastructure, Quantity. Rows include Sanitary Sewer, Stormwater, Street, and Water, all with N/A linear feet.

Erosion and Sediment Control

Erosion and sediment control must be established/installed according to Lee's Summit's Design and Construction Manual Sections 1000, 2150, and 5100. Erosion and sediment control must be established/installed immediately and maintained continuously - the 90 day completion period which may apply to other punch list items does not relate to erosion and sediment control.

If you have any questions about the above or any items listed on the Punch List please contact **Jon Haley** Public Works Inspector, at (816) 969-1830

By signing this letter, the developer acknowledges the receipt and accepts the terms of this Certificate of Substantial Completion.
