1. Tent inspections shall be scheduled through the Fire Department at (816) 969-1300. The tent must be inspected by the Planning and Codes Department and the Fire Department before being allowed to stock product. The Fire Department must inspect the product prior to be allowed to be open to the public.

2. The tent shall be located a minimum of 100 feet from the residential lots to the south. This will allow the property owners to the south to legally discharge fireworks if they choose to.

3. Tent operators are responsible for being familiar with all City and State firework tent requirements. Review the 2013 Fireworks Regulations Booklet for tent setup.
