To whom it may concern:

The original project valuation of the remodel, service bay addition and car wash addition to Lee's Summit Honda was \$889,000. Due to issues regarding coordination of the new construction and maintaining a fully functional operation, the owner has decided to eliminate the service bay addition from the scope of work for the foreseeable future. The new project valuation is \$789,000.

We are requesting a partial refund of the permit fees and license tax.

Thank you for your consideration and don't hesitate to contact me with any questions.

Sincerely,
