Corrective Action Required

- 1 On May 10, 2016 at about 3:30 Kent called and said he had a e-mail from homeowners association about Summit Church having mud and erosion control problems. I drove to the job site and checked everything and saw no problems. I also called Mark and he confirmed there had been no problems out on the road. They also have a journal of their erosion control activities that we can look at anytime.
