

The Summit Church

December 22, 2016

Joe Frogge  
City of Lee's Summit  
220 SE Green Street  
Lee's Summit, MO 64063

Dear Mr. Frogge:

Thank you so much for your incredible service and attention to detail on our construction project. We want the building to stand for generations to come and your diligence and wisdom will ensure its longevity and integrity. We appreciate that deeply!

I also wanted to let you know of a conversation I had with Assistant Chief Jim Eden of the Lee's Summit Fire Department in October regarding the stove installation at the West Campus. When we realized that we were going to need the stove for our preschool programs, we contacted the Assistant Chief immediately to find out what exhaust systems would need to be in place. He assured us that since we would only be warming foods and not doing any haze-producing cooking, we would only need a residential grade vent in the room. After conversations with our contractor and architect, we were able to find a solution that would meet the expectations of the Fire Department as well as the needs of our programs.

If you have any additional concerns or questions, please let me know and we can set up a time to talk and perhaps include Assistant Chief Eden as well. We are anxious to meet or exceed all City requirements.

Again, thank you so much for your work on our project. It is a labor of love for us and your involvement helps to make the dream a reality. We feel blessed to be a part of such a great team.

In Christ,

Robin Dawson  
Administrator
