This Certificate of Substantial Completion for public infrastructure associated with the above referenced project satisfies the City of Lee's Summit's requirements for issuance of building permits. Infrastructure for this subdivision has been installed and tested and can be used for its intended purpose. Incomplete items will be indicated in a separate punch list letter. The punch list will indicate corrections and documentation that must be completed in order to receive a Certificate of Final Acceptance from the City of Lee's Summit. A ninety (90) calendar day time period commences from the above date of issuance for completion and submittal to the City of all required final acceptance items as directed in Lee's Summit's Design and Construction Manual (Ordinance 5813). After all requirements have been met a Certificate of Final Acceptance will be issued. If the Certificate of Final Acceptance is not obtained within the specified time period, issuance of building permits shall be suspended until the requirements are met.
