Re: New Barn Project 4310 SW Pryor Road

Lee's Summit , Mo. 64082

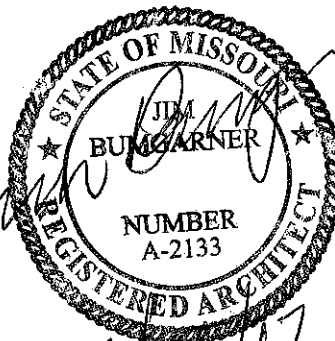

Golden Rule Construction Company

19894 McDaniel Road , Warsaw, Mo. 65355

I had a meeting this morning with the City to discuss the existing concrete slab that will be included in the footprint of the new floor slab 42'x56'. I talked to Mr. Scot Hanick ,Chief Engineer at the Department of Natural Resources , State of Missouri. The conclusion was that there was no regulation that prohibited the inclusion of the existing concrete slab into the new construction floor slab.

Sincerely

Jim Bumgarner
