PW-Grading/Excavation/Fill Inspection Informational	Steve Robbins	Partial	Monday, May 08, 2017

- 1 Kent Monter recieved a complaint from Marlo Knapp about her private drive that you can enter from chipman rd just east of the Summit Church entrance. I went to her house and talked with her and she showed me what her concern is and I took pictures. I showed Kent the pictures of some standing water which looks to be the result of the dirt eroding away. We do not think it is the result of anything summit church has done but I am going to ask them if they have some extra dirt if they can put some in spots where the water is standing. Informational

- 2 Due to the rain nothing has been going on for the site work. As soon as the weather breaks they will be resuming work on the storm sewer Steve Robbins 08/31/2016 3:18 PM

Informational

- 3 I talked with Mark from Huber and he is going to put some dirt on the side of the driveway of marlo Knapp with has eroded away. Summit Church had nothing to do with this but he is gonna put some dirt there if he has enough left over. They are also doing some grading around the site and trying to get things picked up and getting ready for Substantial. Steve Robbins 05/08/2017 3:18 PM
