10 Matt Munger 12/15/2017 2:15 PM

Site was clean, ESC in place. No Utility work was being done.

Informational

11 Matt Munger 12/18/2017 11:45 AM

Silt fence was in place and gutter device was in Cl. I spoke with Travis on site and he was working on removing dirt from the driveway area. I had informed Travis that Rip Rap needs to be put in place to prevent mud and gravel from getting onto the roadway.

Water Utilities workers were on site performing the test shutdown in case the water main needs to be relocated. The shutdown should only affect Commerce Bank.

Informational

12 Matt Munger 12/21/2017 2:44 PM

No Utility work was being performed while I was on site. Workers were framing in the building. Contacted Sheldon in regards to the Holiday schedule and that Tom C. and Steve R. would be covering me on the 22nd and 27th while I was off.

Sheldon stated he would get the silt fence up on the section of property closest to 150 HWY.

We also discussed setting up a meeting before any Utility work starts.

Informational

13 Matt Munger 12/28/2017 9:51 AM

No utility workers were present. Silt Fence in place.
