DEI-Erosion Sediment Control (ESC) Inspection	Steve Robbins	Failed	Monday, March 26, 2018

Informational

- 1 There are problems with the erosion control devices on your site. I talked with Jonathan from Emery Sapp about the run-off coming down the north side to the parking lot. They installed alot of silt fence to try and correct this, but it did not work. Jonathan said they are going to move some dirt around and try to change the grade to try and divert the water run-off.Steve Robbins 03/26/2018 2:28 PM
