Inspection Item:

Inspection:	Inspector:	Outcome:	Date:
DEI-Site Visit	Matt Munger	Partial	Thursday, April 26, 2018

Informational

1 Matt Munger 04/26/2018 2:05 PM

No utility work was going on, on site. Workers had equipment on site and were trying to brake up the bedrock on the east side of the property.

A neighbor to the project had stopped in and had informed of his concern with the blasting that had been going on and I spoke to him for a bit and informed him that I would send an email to Dan Harper and inform him of the concern. While on site there wasn't any blasting going on. I had called Dennis Sondgeroth (concerned neighbor) to let him know I had emailed Dan but wasn't sure what his schedule was for today just in case Dan was tied up in meetings and was not able to contact Dennis today.
