East side of the property will need to have vegetation established. Sod has been installed throughout the rest of the site.

Informational

- 2 Matt Munger 03/20/2018 12:38 PM
Erosion control devices have been removed and sod was installed. Sheldon is going to hydra seed the disturbed area on the east.

Informational

- 3 Matt Munger 03/21/2018 3:45 PM
The disturbed soil on the east side on the vacant lot has been hydro seeded.

Informational

- 4 Matt Munger 04/03/2018 2:42 PM
It appears the hydro seed that was applied to the vacant lot to the east has washed off in a few spots.

Informational

- 5 Matt Munger 04/13/2018 10:00 AM
Grass has started to grow on the vacant lot.

Informational

- 6 Matt Munger 04/18/2018 1:40 PM
Grass has started to grow on the vacant lot, but there is not enough vegetation established at this time.

Informational

7 Matt Munger 04/23/2018 10:03 AM

Some grass has started to grow but there is still a larger area of bare soil that will need to be vegetated on the vacant lot.

Informational

8 Matt Munger 05/02/2018 10:43 AM

Grass has started to grow on the vacant lot but there are some bare areas that have not started to show signs of growth.

Informational

9 Matt Munger 05/10/2018 8:26 AM

The lot on the east side has some grass growing but there are some bare spots. I moved some rocks into a pile so the mowers dont hit them.

Informational

10 Matt Munger 05/17/2018 10:06 AM

Grass is growing on the vacant lot where the soil has ben disturbed. There is not enough vegetation to finallize the project.
