DEI-Storm - Sewer Construction Inspection Informational	Brice Lawson	Partial	Thursday, June 28, 2018

- 1 Brice Lawson 06/28/2018 3:20 PM
Larry Bair Construction was in the process of breaking rock in the trench for storm line 10 between 107 and 108 near the retention basin. It appeared that 1 section of 30" HDPE pipe was installed in the trench and was partially bedded in rock.

Leif let me know that they plan to install trench checks on the private sanitary stubs tomorrow at 10am. I let Steve know that they plan to do this.
