DEI-Grading/Excavation/Fill Inspection Informational	Steve Robbins	Partial	Thursday, July 05, 2018

- 1 The grading for the road and parking lot has been going on. I spoke with Ed about the set of plans that we have , the plans show an option of not putting down MO-type 5 if they use 9" of portland tilled in the dirt. Our specs call for 6" of Mo-type 5 and 7.5 of base asphalt and 2 of surface. I gave him our spec and let him know our set of stamped plans were not right and did not excuse that is has to be done by Steve Robbins 07/05/2018 11:55 AMour spec.
