RE: Foundation Anchoring (Tie-Down)

To Whom it May Concern,

All anchoring components shown on sheet S-1 drawing set are all manufactured by Tie-Down Engineering, and all components have a working load limit of 3150 lbs, provided that they have been installed according to the manufacturer's installation instructions. The components may include any combination of the following mark/model numbers: MI22-3/4 (auger anchors), 59002 (swivel strap connectors), MHT6, 7, 8, 10, 12, or 15 (1 ¼" frame tie with hook), or MBU6, 7, 8, 10, 12, or 15 (1 ¼" frame tie with buckle)

If you have any question, my contact info is listed above.

Sincerely,

Yuri Yurianto, P.E.
