COLEMAN EQUIPMENT NEW BUILDING (AOG 17-442F)

4101 NE Lakewood Way
Lee's Summit, Missouri

Dear Mr. Nguyen:

We were retained by B&D Business Holdings, LLC, the Owner representative of the above-referenced project, to perform the following IBC 2012 Special Inspections:

Verification of Soils
Engineered Filling and Grading
Concrete Placement and Testing
Placement of Reinforcing Steel
High Strength Bolting
Steel Frame Inspection
Earth Retaining Structure

Our client was informed of all available test results at the time the testing took place. Copies of the daily reports were mailed to the owner as the work was completed and the test results were available.

All discrepancies that were identified during the course of the Special Inspections listed above have been corrected. The work related to the above-referenced Special Inspection items is complete and to the best of my knowledge was found to be in substantial compliance with the project plans, specifications and applicable provisions of Chapter 17 of the 2012 International Building Code.

If you have any questions, or need additional information, please don't hesitate to call us at (913) 371-0000.

Sincerely,
ALPHA-OMEGA GEOTECH, INC.

Steven Usnick P.E.
Field and Laboratory Services Engineer
