Pat Cochran Concrete

Re: 4509 SW Nautilus Place  
Lot 15, Creekside at Raintree  
Lee's Summit, MO

Apex Engineers, Inc. observed the preparation for the suspended front stoop for the proposed house located at the above referenced address.

The front stoop will be suspended. The forms and reinforcing steel were found to be clean, well aligned, and properly supported.

Note:

- The inspection was performed at 12:00 pm.
- At the time of the inspection the temperature was 50°.
- Erosion control needs repair at the front of the lot.

Our firm recommends approval of the suspended stoop for the placement of concrete. This report does not constitute approval by the enforcing jurisdiction.

#### LIMITATIONS

The recommendations and conclusions given in this report are based on the observed conditions at the time of this site visit. The scope of our services was only to observe the installation of the slab formwork and reinforcing steel. If changes in the condition of the site occur and Apex Engineers, Inc. is not allowed the opportunity to re-evaluate the site to respond to any of these changes, our firm cannot be responsible for the effect of any of the conditions that differed from those reported herein.

Please call if Apex Engineers, Inc. can be of further assistance.

Best Regards,  
Apex Engineers, Inc.
