

## **Certificate of (Partial) Substantial Completion Building # 5 Only**

**Date:** Wednesday, July 31, 2019

**To:** LUKE DRAILY CONSTRUCTION INC.  
75 NW BUSINESS PARK LANE  
RIVERSIDE, MO, 64150

**Project Title:** Residences at Echelon  
**Permit Number:** PRPWFC20173800  
**Permit Type:** Public Works Infrastructure Permit - Commercial  
**Permit Work Class:** Development Complete  
**Project Address:** 3504 SW HOLLYWOOD DR, LEES SUMMIT, MO 64082

**Project Parcel #:**

This Certificate of Substantial Completion for the infrastructure associated with the above referenced project satisfies the Public Works portion of the requirements for a building permit. The infrastructure for this subdivision has been installed and tested and can be used for its intended purpose. Incomplete items will be indicated in a separate punch list letter. The Punch List will indicate corrections and documentation that must be completed in order to receive a Certificate of Final Acceptance from Public Works. A ninety (90) calendar day time period commences from the above date of issuance for completion and submittal to the City of all required final acceptance items as directed in the City of Lee's Summit's, Design and Construction Manual, Ordinance 5813. After all requirements have been met, a Certificate of Final Acceptance will be issued. If the Certificate of Final Acceptance is not obtained within the specified time period, issuance of building permits shall be suspended until the requirements are met.

**This certificate applies to the TCO for building # 5 only. Further occupancies will be granted on a case by case basis, based upon the completion of the infrastructure associated with each building.**

**At a minimum, completion of the paving, grading and vegetation for the entire site will be required prior to full substantial completion.**

**A full punch list will be provided along with the full substantial, once achieved.**

### **Erosion and Sediment Control**

Erosion and sediment control must be established/installed according to Lee's Summit's Design and Construction Manual Sections 1000, 2150, and 5100. Erosion and sediment control must be established/installed immediately and maintained continuously - the 90 day completion period which may apply to other punch list items does not relate to erosion and sediment control.

Building permits will be frozen on if all items on the punch list are not completed. If you have any questions about the above or any items listed on the Punch List please contact John DiMauro, Field Engineering Inspector, at (816) 969-1840.

By signing this letter, the permit holder acknowledges the receipt and accepts the terms of this Certificate of Substantial Completion.
