LEE'S SUMMIT, MISSOURI

Dear Joe:

We were retained by LSMOB, LLC, the owner representative of the above-referenced project, to perform the following IBC 2018 Special Inspections and other inspection services:

Testing Reinforced Concrete  
Placement of Reinforced Concrete  
Placement of Reinforcing Steel  
Engineered Filling and Grading  
Verification of Soils - Footings  
Post-Installed Anchors  
Structural Steel Inspection – Steel Frame, Welded Connections, and Decking

Our client was informed of all available test results at the time the testing took place. Any discrepancies that were identified during the course of the Special Inspections listed above have been corrected. The work related to the above-referenced Special Inspection items is complete and to the best of my knowledge was found to be in substantial compliance with the project plans, specifications and applicable provisions of IBC 2018 International Building Code.

If you have any questions, or need additional information, please don't hesitate to call us at (913) 371-0000.

Sincerely,  
ALPHA-OMEGA GEOTECH, INC.

  
Steven Usnick P.E.  
Field and Laboratory Services Engineer
