Re: Summit Orchards  
Gloss Nails and The Flying Biscuit  
460 NW Chipman Rd, Lee's Summit 64086

Dear Warren:

We have reviewed the roof framing for the rooftop mechanical equipment loading shown in the Tenant Improvement Package dated 04-24-20 and find that it has the required strength and stiffness to support this loading with the implementation of roof framing as required by General Note 5K and Section 2/S320 of the building shell construction documents.

Please call if you have any questions or if we may be of further service.

Sincerely,

**BOB D. CAMPBELL & CO.**
