- a. NO BLASTING SHALL TAKE PLACE AT ANY SITE WITHOUT FIRST NOTIFYING THE FIRE DEPARTMENT ALARM OFFICE AT 969-7360, AND PUBLIC WORKS INSPECTIONS AT 969-1827.

- b. BLASTING MAY BE PERFORMED DURING DAYLIGHT HOURS ONLY. NO EXCEPTION.
- c. NO SMOKING allowed within 50 feet of any location where explosives are being handled or stored. This includes no fire or flame of any type.
- d. During the time of loading explosives into holes, the blast site shall be barred to all but those authorized persons engaged in the drilling and loading operations or otherwise authorized to enter the site for specific associated reason. The blast site shall be guarded and posted.
- e. Post City blasting permit in a visible location on site; an approved blaster on file with this office must be present during all blasting activity and present certificate authorization and photographic identification upon request by the City of Lee's Summit. Please report any loss of blasting permit to the Public Works Department immediately.
- f. The City of Lee's Summit shall have the right to enter construction/blasting sites before, during, or after blasting.
- g. False information provided to the Public Works Department on this application sheet will result in revocation of permit and the site closed by the City of Lee's Summit.
- h. The person(s) in charge of blasting on site must follow all city, state and federal requirements. Any person or company found not following requirements will have permits revoked and the site closed by the City of Lee's Summit.
- i. When blasting is being conducted in the vicinity of gas, electric, water, fire alarm, telephone, telegraph or stream utilities, the blaster shall notify the appropriate representative of such utilities at least 24 hours in advance of blasting specifying the location and intended time of such blasting.
- j. Precautions shall be taken to prevent the premature detonation of explosive materials from lightning, radio frequency energy, extraneous electricity or static electricity caused by dust or snow storms, low humidity or mechanical conditions. Such precautions shall include the suspension of blasting operations and removal of persons from the blasting area during the approach and progress of a thunderstorm.
- k. Tools used for the opening of containers of explosive materials shall be made of non-sparking materials.
EXCEPTION: box cutters or knives of metal are allowed for opening paper, plastic or fiberboard containers.
- l. Empty boxes and paper, plastic, detonation cord or fiber packing materials which have previously contained materials shall not be reused, and shall be collected, removed and disposed of.
- m. Blasting permits will be issued by the Public Works Department for 90 day periods only. If any changes are made which affect the information given on the initial permit application, the initial permit will become null and void, therefore another application must be made including all original fees.
- n. Completed applications and plans shall be submitted to the Pubic Works Inspections Supervisor for review. Applicants will be notified when plan review is completed as to

further information needed or approval. Blasting permits will be issued upon appropriate review by the **Public Works Department** and the payment of permit fee. A minimum 24 hour notice should be expected for an approval to be returned to the contractor.

- o. All storage of explosives in excess of that amount required for one day's use requires a permit to be issued by the Fire Department. The day box storage of that amount required for one day's use as approved in the Blasting Permit application shall be in accordance with all City, State, and Federal regulations.
- p. The blasting regulation can be found on the City of Lee's Summit's web page at www.lee-summit.mo.us.

Applicant acknowledges that he has read and agrees to comply with the Blasting Regulations in the Design and Construction Manual of the City of Lee's Summit.

Russ,

I have attached the KMZ for the Paragon Star Development project. I have a PBS Radius of 430' which is a scaled distance of 35, and Intent to Blast Radius at 675', scaled distance of 55, based upon 150 lbs/delay. No structures that I can see on Google Earth fall within the 675', so you should be good to go. Some of those are most likely fills instead of cuts, but it shouldn't matter since nothing falls within a scaled distance of 55 anyway.

If you have any questions regarding the above information or if I can be of further service, contact me any time.

Premises Address: 6731 W 121st Street Suite 216, Overland Park, KS 66209-

Dear Sir/Madam:

This letter acknowledges receipt of your timely application to renew your Federal explosives license/permit.

The Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) is not able to process your application prior to the expiration date of your license/permit. However, Federal law allows you to continue operations under your current license/permit until such time as ATF completes processing your application. See 5 U.S.C. § 558. This letter, or as explained below, a follow-up letter, will serve as your license/permit until we complete action on your renewal. It is referred to as a Letter of Authorization (LOA).

Since we have not completed processing your application, you may supply a copy of this letter to other licensees/permittees, e.g., your distributors, for the next six months (or until we complete action on your renewal, if that occurs in less than six months) as evidence of your licensed/permitted status. If we have not completed processing your application for renewal within six months of the date of this letter, we will send you another letter, which will also be valid for six months (or until we complete action on your renewal, if that occurs in less than six months). This is of course contingent upon your remaining entitled to continue operations under your current license/permit.

Please direct questions or concerns regarding this letter to Kansas Examiner Terry Lowe @ 304-616-4413.

Sincerely,

Christopher R. Reeves
Chief, Federal Explosives Licensing Center
