Re: Jameson II Lot 56 Summit View Farms 3125 SW Blue Ribbon St

Our firm has been asked to examine field changes to the house being built at 3125 SW Blue Ribbon St, under permit number 20200113. The builder has informed us that the city has questioned one item during the rough in inspection. See our recommendations below.

The front bedroom has been changed to a flat ceiling and will not require a continuous perimeter strap. See the attached clouded plan change with revised joist and roof support framing labeled.

This report has been prepared for the exclusive use of our client for specific application to the project discussed and has been prepared in accordance with generally accepted engineering practices. No warranties, either express or implied, are intended or made.

We appreciate the opportunity to be of service to you on this project. If you have any questions regarding this report, please contact us.

Very truly yours,

HD ENGINEERING & DESIGN, INC.

Chris Saathoff, P.E.
