Structural Slab Inspections

Dear Mr. Yancik:

On July 29, 2020, I inspected the forming and shoring for structural slabs for the front porch, garage, and back porch at 2924 NW Thoreau in Lee's Summit, MO. Forms were properly installed and shored and reinforcing steel was properly installed in accordance with the approved drawings.

The structural slabs are approved for concrete placement.

Cordially,

David P. Ainsworth, P.E.
