This Certificate of Substantial Completion for the infrastructure associated with the above referenced project satisfies the Developments Services portion of the requirements for a building permit. The infrastructure for this subdivision has been installed and tested and can be used for its intended purpose. Incomplete items will be indicated in a separate punch list letter. The Punch List will indicate corrections and documentation that must be completed in order to receive a Certificate of Final Acceptance from Development Services. A ninety (90) calendar day time period commences from the above date of issuance for completion and submittal to the City of all required final acceptance items as directed in the City of Lee's Summit's, Design and Construction Manual, Ordinance 5813. After all requirements have been met, a Certificate of Final Acceptance will be issued.

Erosion and Sediment Control

Erosion and sediment control must be established/installed according to Lee's Summit's Design and Construction Manual Sections 1000, 2150, and 5100. Erosion and sediment control must be established/installed immediately and maintained continuously - the 90 day completion period which may apply to other punch list items does not relate to erosion and sediment control.
