DE - Sidewalk Inspection	Tom Taylor	Passed	Wednesday, August 12, 2020

Informational:

1 Misc

On Tuesday, 8-11-2020. I performed a field inspection of the sidewalk to be installed and found the subgrade and forming to meet city standard and passed inspection of walk for concrete to be poured. Note: The existing ADA corner that was being tied into where new sidewalk tied-in was installed crooked to the street and forced the contractor to tie-in to the existing corner. Not the prettiest alignment for (10) feet.
