RE: Permit No: PRCOM20201911
Project Title: METRIC SALON
Project Address: 32 SE 3RD ST, LEES SUMMIT, MO 64063
28 SE 3RD ST, LEES SUMMIT, MO 64063

Dear Joe,

Please find attached drawings for the above referenced project. These drawings were previously submitted in July 2020 and you approved them with some minor conditions, and upon approval of the Exterior Renovation Permit.

The owner has requested some minor changes to these plans as follows;

1. There will be two new furnaces to feed the white box space in lieu of a single unit. New model numbers have been indicated.
2. Vestibule has been modified in NE corner of space.
3. Exterior openings at NE Corner of space will have new storefront and storefront doors.
4. Flooring system has been changed as indicated on structural drawings.

Please also find enclosed a complete Exterior Renovation Permit Applications.

Let us know if you have any questions or concerns about this resubmittal.

Best Regards,
GUY GRONBERG ARCHITECTS, P.C.
