RE: **Permit # PRRES20201853** ; 514 NW Main Street, Lee's Summit, Field
Inspection correction

I am writing to let you know that I approve of the field substitution of eight Lomanco Series 750 metal slant back box roof vents for the ridge vent shown on the permitted set of house drawings. I also approve the field substitution of two Lomanco Series 750 metal slant back box roof vents in lieu of the ridge vent shown on the garage plans.

Please let me know if you have any further questions.

Sincerely,

Timothy Louis Busse, AIA
