Re: Aspen Homebuilders, Eagle Creek, Lot 741, 2350 SW Hickory Lane, Lee's
Summit, Missouri, Permit No. 2020-2692; deck piers inspection

To whom it may concern:

An inspection was conducted on Monday, January 18, 2021 regarding the above reference. For reference purposes the house faces south. Two 24" diameter x 36" in depth deck piers were inspected for the future covered deck support posts. Each pier was founded on natural, undisturbed, solid clay soil. Ray Cochran and Co. was given permission to place the concrete into the deck pier forms. If you have any questions, please contact me at my office.

Sincerely,
Logan & Associates, Inc.

Charles R. Logan, PE
President
