**Remarks:**

**Submittal Requirements:**

1. All applications shall be accompanied by written approval of the property owner or landlord (see page 3 of this application).
2. Design, graphic, or drawing of the proposed sign with dimensions.
3. Site plan showing the location of the proposed monument, temporary, or other detached sign.
4. Applicable sign permit fee shall be submitted at the time of application.

**Permits are required for the following sign types:**

**Wall Signs:** The following information shall be submitted:

- Building elevation(s) showing: building width, building height, façade area, and the exact sign location(s).
- In some situations, a site plan indicating the building, parking areas and property lines may be necessary.
- Sign specifications showing: exact copy, size, length, height, area, materials, color, lighting and type.
- All information submitted shall be to scale and include dimensions and area of sign.

**Detached Signs (monument and directional):** The following information shall be submitted:

- Site plan indicating the building, parking areas and property lines as well as the proposed sign with dimensions to all property lines.
- Sign specifications showing: exact copy, size, length, height, area, materials, color, lighting and type.
- All information submitted shall be to scale and include dimensions and area of sign.
- A minimum of 25 square feet of landscaped area, exclusive of the sign structure area, shall be located at the base of each freestanding monument sign. Landscaping shall be shown on accompanying site plan to scale.

**Temporary Signs:** The following information shall be submitted:

- Building elevation(s) showing: building width, building height, façade area, and the exact sign location(s).
- Site plan indicating the building, parking areas and property lines as well as the proposed sign with dimensions to all property lines.
- Sign specifications showing: exact copy, size, length, height, area, materials, color, lighting and type.
- All information submitted shall be to scale and include dimensions and area of sign.

**Other Requirements:**

- **All signs shall be designed and constructed to withstand wind pressure of not less than 25 pounds per square foot.**
