

MBOE Modification Letter
May 7, 2021
Napa Valley 3rd Plat, Lot 134
Lee's Summit, MO

This letter is to serve as a request to modify the existing MBOE for Lot 134, Napa Valley 3rd Plat. The Master Drainage Plan for Napa Valley 3rd Plat illustrates the 100 Year Water Surface Elevation for the detention basin as 988.52 feet. The basin was converted to a retention basin in plans prepared by Engineering Solutions and the 100-year clogged condition Elevation is shown to be 987.49 feet.

The original designed MBOE for Lot 134 was shown to be 990.52 feet based on a 100-year water surface elevation of 988.52 feet.

Based on the reduction in water surface elevation from construction, this request is to lower the MBOE for Lot 134 to 989.49.
