Development Services Department (816) 969-1200

**Plot Plan Review**

**Reviewed By: Kim Brennan**

**Approved**

1. The Basement floor elevation and basement type (e.g. full/standard, daylight, walk-out, etc.)

Please indicate whether this is a standard or daylight basement

2. Minimum Building Opening Elevation (MBOE) and location on structure must be provided on the plot plan.

All the MBOE's were eliminated on this lot on the MDP

3. Contours, spot elevations and drainage flow arrows (as required) shall be provided on the lot.

Please add contours throughout the lot and label these elevations and not just in selected areas. The drainage in the rear shows it going from one side of the lot to the other side in the rear. Is this an accurate flow?

***The review conducted by the City of Lee's Summit Development Services Department shall not be construed as a structural review of the project.***
