

Shake Shack #1348 - PRCOM20210599 - Revisions

To: Joe Frogge
From: Christina Sandore, Bergmeyer
Date: 5/17/2021
Subject: Streets of West Pyror, Lot 2, Lee's Summit Shake Shack

To Plans Examiner,

Our project has made the revisions below after the receipt of our Building Permit approval. We are re-submitting the following package, Field Notice #3, for your review and update of our Building Permit approval.

Summary of Major Changes for Field Notice #3:

Architectural

- Revised site plan and associated details to accommodate new design direction.
- Updated curb and foundation plan, dimension plan, wall sections, and details to reflect most current structural framing and to coordinate with updated kitchen drawings.
- Revised material and spacing of lights and fans on exterior to reflect updated design direction.
- Revised kitchen elevations and removed elevations that were no longer required.

Structural

- Revised frost wall shelf elevations shown in typical and double wall details. Elevation adjusted to match finished floor elevation.

Food Service

- Revised location for kitchen elements including items 124, 127, 131 and 179,
- Added items 143a, 174, 200, 127 and 141.

Mechanical

- Added note 13.

Plumbing

- Updated sanitary design to coordinate with food service drawings and updated grease wastes and vents for updated hand sinks.
- Updated hot and cold water lines for updated hand sinks.
- Updated sanitary riser diagram.

Electrical

- Updated conduit locations, sizes, and quantities for menu boards, canopies, and drive thru clearance bar per latest design direction.
- Adjusted electrical layout in kitchen to coordinate with food service plans.
- Updated camera placement per typical design direction and added specs for 4mp bullet cam to wiring legend.
- Updated connection for SFSG sign.
- Updated panel schedules and added circuit for canopies and pre-menu boards.

Revised Drawing Lists:
