RE: R.E.O. Project #21-002-55
MD2 Designs Plan #: DD-7167
1721 SW 27th St.
Lot 32, Whispering Woods
Permit #: 20204576

Dear Mr. Elder,

We are providing herewith statement regarding items identified on an August 6th inspection at the above referenced residential construction. Specifically the inspection identified a point load supported by subfloor. To support this point load, two 9-1/4" LVL's were installed below that point load location. The remaining inspection items are to be addressed on site by Builder.

This modification is adequate to support the load and transfer through bearing construction to the footing system. No additional modifications are required for this item. If there are any questions, please contact our Offices.

Very Truly Yours,

R.E.O. ENGINEERING, P.C.
