Re: Notification of Substantial Completion  
Lot 7C (Area B)  
Mine Remediation at Streets of West Pryor  
Lee's Summit, Missouri  
Geotechnology Project No. J035637.02

Dear Mr. Olson,

Please be advised that the planned mine remediation for Lot 7C (Area B), at the location shown on Figure 1, has been substantially completed. Mine remediation was performed in general accordance with (1) the intent of the plans and specifications provided in the *Revised Mine Remediation Plan* dated May 6, 2021, (2) *Revised Field Test Evaluation* report dated September 1, 2021 and (3) the *Response to Comments* letter dated September 14, 2021. A summary of field observations made by Geotechnology representatives is presented on Table 1. The following attachments are included in and complete this substantial completion notification.

Figure 1	-	Area A Drill Locations
Table 1	-	Drill Hole Summary
