Inspection:	Inspector:	Outcome:	Date:
Site Visit	Steve Robbins	Complete	Tuesday, November 30, 2021

Informational:
1 Misc

Make a site visit due to concerns that the contractor was working out of the boundaries of the property being developed. Checked with Diana Johnson and she was confident they were not out of the boundaries of their permit. Erosion control devices are in place as they are using silt fence and mulch berms throughout the site. Contractor said police has been out to talk to them due to a complaint about where they are working. After going over the plans they seem to be working where they are allowed to according to the permit that has been issued.
