JOBSITE CODE OF CONDUCT and BASIC **EXPECTATIONS**

SUBCONTRACTOR recognizes and agrees, that while it is an Independent Contractor from BLAIR and OWNER, SUBCONTRACTOR is an extension of, and representing, the OWNER as perceived by the general public, SUBCONTRACTOR, and any and all Approved Subcontractors, shall abide by the following Code of Conduct while performing WORK for BLAIR to meet the collective professionalism required by SUBCONTRACTOR. BLAIR and OWNER.

- -No profanity.
- No offensive clothing.
- No smoking unless in designated area away from the work area.
- -No loud music.
- No Horseplay.
- Be respectful and courteous of the location and work site, customers, patrons and the general public,
- Notify location/site manager upon arrival to and departure from site/location
- -Review work and safety plan with location/site Manager .
- Mark off work areas with cones and caution tape.
- Use proper PPE (Personal Protective Equipment).
- -Maintain a clean, organized and orderly work site.
- Dispose of trash properly; recycle as able.
- Do not bring pets or animals to work site.

Active site locations are not to be left unbranded at completion of daily work schedules. Temporary Banner(s) are to be installed at designated location(s).

INSTALLATION INSTRUCTIONS

Contact your Blair Image Elements' Project Manager for full product installation instructions.

Installation instructions will also be provided on the product crate upon delivery. They will typically be in a plastic sleeve attached directly to the product crate.

All necessary hardware to be provided by installer.

COMMUNICATION and WORK IN PROCESS and COMPLETION PHOTOGRAPHS

SUBCONTRACTOR and any and all Approved Subcontractors, will at a minimum, provide routine communication to BLAIR Project Manager with respect to WORK at the site/location, including but not limited to:

- confirmation text within 15 minutes of arrival at site/location
- mid-day text providing WORK status
- text within 15 minutes of leaving site providing completed WORK status and related photographs of completed WORK and work in process
- completion photographs of lit branding elements requires either night time photographs or photographs showing illuminated LEDs or bulbs.

This communication is required by OWNER who routinely expects daily updates to WORK progress at any given site/location.

SUBCONTRACTOR and any and all Approved Subcontractors, will not begin WORK at site/location, or leave WORK site/location without first communicating with BLAIR Project Manager.

In the event there are questions, concerns, or additional direction is needed, SUBCONTRACTOR and any and all Approved Subcontractors. while on site/location will contact BLAIR Project Manager over the site/location for assistance

Upon completion of WORK, SUBCONTRACTOR and any and all Approved Subcontractors, will obtain written acceptance of completed WORK from site/location Manager and provide a copy of such to BLAIR.

SAFETY CRITERIA

All installers working for Blair must complete the Blair Safety Certification Program.

All Blair subcontractors working on a petroleum site must have a valid API Certification, follow the established guidelines set forth by API as well as follow any local, state. or federal laws.

- Perform a Pre-Task Job Safety Analysis.
- •Understand how and where to obtain First-Aid and medical treatment. including CPR.
- Use the proper level of PPE per the assigned task.
- •Only use tools that are insafe working orderbefore using them.
- Always use tools for their intended purpose and never over their safe working limit.
- Employees operating vehicles must conform to all DOT requirements as well as API regulations.
- •Use proper fall arrest equipment.
- Understand the requirements for working at height on a job site.
- •Properly barricade the work area from the public in accordance with Section 8 of the API guidelines.
- Only competent and trained people using approved equipment in a manner in accordance with Section 10 of the API guidelines should perform lifting duties.

Examples of Equipment Include: Personal Protective Equipment. Barricade, Crane, Hoist, Bucket Truck, Scissor Lift, Ladder, Vinyl Applicators (Squeegee or Application Liquid). Welder/Torch. and Hand Tools/Power Tools
