

PUBLIC WORKS ENGINEERING DIVISION

Temporary Traffic Control Permit

****PLEASE KEEP THIS PERMIT AT THE JOB SITE****

PERMIT # PRPWTC20222491

The listed contractor is hereby given permission to (restrict or close):

From Intersection: Prior Road To Intersection: Clifford Road

Quarry Park Road, both directions

2250 NW QUARRY PARK RD, LEES SUMMIT, MO 64081

On Dates: June 20, 2022 To: August 30, 2022 From: 09:00 To 16:00

Type of Closure: Other Temporary Traffic Control Condition

To perform the following activities: Star Excavation has contracted with Austin Powder since 2018 when high-explosives use was approved. At certain times Austin Powder may execute a blast within the permitted quarry area which is close enough to Quarry Park Road, that Austin Powder would recommend to temporarily prevent any road traffic as an extra safety measure during the shot. The monthly frequency and times of the shots vary based on many factors. It is rare to shoot more than 1 day per week. There can be anywhere from 1-3 shots on a given day as determined by Austin Powder, typically it is 1 shot in a day. Austin Powder and Star Excavation staff follow the adopted Blasting Protocols as attached in a separate document. In a separate document we will show the proposed points of temporary road closure and the process.

Special Terms/Conditions:

Contractor:

STAR EXCAVATION LLC

801 NW COMMERCE DR

LEES SUMMIT, MO 64086

Approved by: BCOOLEY Date: Wednesday, June 08, 2022
