---

Inspection:	Inspector:	Outcome:	Date:
<b>Site Visit Inspection</b>	Matt Munger	Partial	Tuesday, September 27, 2022

**Corrective Action Required**

1      Misc

Site Visit - The crew is onsite, they are mainly in the easement, but are shutting across the road. I stop and spoke with one of the workers and asked what depths they are working with under the road, and he stated 3ft or more. I did ask them to mark the depth on the road so it gives us an idea of the depth they are at when crossing. They are doing a good job putting things back as they should.
