**Corrective Action Required**

1	Misc	Site Visit - Bob and I went out yesterday morning and marked the areas where the sewer laterals may be crossing near Lakeview. I spoke with the crew onsite today and asked them if they were having any issues, the crew member stated they have had people try to move the TTC at Jefferson and some try to come through from the West side but just the normal issues they deal with. They have set a manhole close to station 143.
