

Hi Tracy. Here are the answers to your questions from today:

1. Previous use - a church
2. There is a back door in the hallway between the bathroom and the conference room
3. New wall sections - 2x4 wood, 16" on center, up to the dropped ceiling
4. 2 rooms being built side by side will be private offices, one room being built across the hall will be a storage room, and the small room next to the storage will be a private call room.
5. Total sq. ft. is 1600
6. Emergency lighting-There are 2 emergency lights over the exit sign at the back door.
7. There are 2 lighted exit signs. One is over the front door, the other is over the back door.
8. Doors - Front door - 36" w x 84" h swings out to the right
Back door - 36" w x 84" h swings out to the right
Bathroom - 36" w x 80" h swings in to the left
Utility closet - 30" w x 80" h swings out to the right
Storage room - to be built - will be a sliding barn door at least 36" w x 80"h
Call Room - to be built - will be a sliding barn door 36" w x 80"h
Both Private Offices - to be built - will be glass slider doors 72" x 80"h
