Inspection:	Inspector:	Outcome:	Date:
Site Visit Inspection	Matt Munger	Partial	Tuesday, December 20, 2022

Corrective Action Required

1 Misc

Site Visit - The crew has put down straw over the areas that were disturbed. It appears they have a pit fenced off by the alley of city hall that they some more work to do. Some of the areas they have attempted to restore look like they may need further attention. I will reach out to Boley and setup a walk through after the first of the year so we can establish where they are at with restoration. They will most likely need to return in the spring to make sure things are properly restored.
