## RE: JFE Woodside Ridge 134 Rough-In Inspection

That is adequate. Looks like a note that did not get updated. The 6(2x4)'s as installed are adequate

Woodside Ridge Lot 134

2151 NW Killarney Ln

Chad,

Inspector called me out on needing (5) 2x6s on ends of garage steel beam for support. I have (6) 2x4s currently. Is this sufficient or do I need to replace with 2x6s? Please let me know.

Thanks!
