Framing meets all City Code requirements and matches City approved plans or engineered design.

*Note: Framing can only be covered after mechanical, electrical, and plumbing inspections have been passed.

Corrective Actions and Comments:

3016" DIA PIERS AND 2012" DIA PIERS WERE POURED TO 36" BELOW FINAL FINAL GRADE FOR SUPPORT POSTS FOR DECK. REPS WERE PROPERLY REINFORCED AND POST BRALKETS FOR 6×6 POSTS WERE INSTALLED.

I certify that I have inspected, tested, and checked the work performed, and I find the work to be compliant with all applicable City ordinances and approved building plans and site plans and that the all information in this form is both accurate and true.
